## ANGLO CELTIC COOPERATIVE ONCOLOGY GROUP

---

**D**ear Colleagues,

### Anglo Celtic I

Follow-up information continues to arrive, thanks to everyone involved. Prompts have been sent out and it is important that all recurrences and deaths are reported to the SCTN office ready for analysis.

### Anglo Celtic II

Prompts are being sent out for the trial. It is proposed that an analysis is done on response rates before ASCO next year so it is important that all CRF's are returned.

### Anglo Celtic III:

**SPROG** (Secondary **PRO**phylaxis with **G**-CSF)

15 centres currently have LREC approval and 30 patients have been entered to date. The HERA Executive Committee have confirmed that HERA is compatible with SPROG. Other trials compatible with SPROG include TACT, SECRAB and tAnGo. If you would like further information about this trial please contact Kirsten Murray at SCTN.

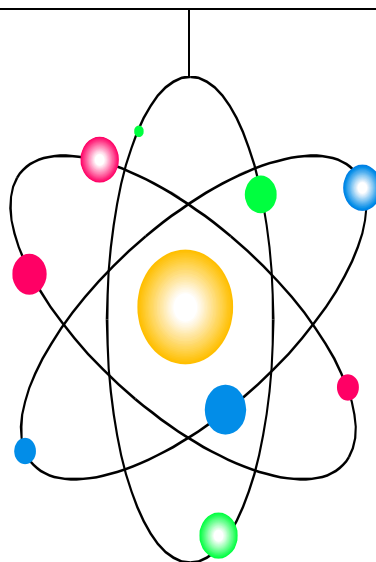

### Anglo Celtic IV

#### “Will Weekly Win”

The trial now has MREC approval and LREC packs have been sent out to all interested investigators. A trial coordinator has been appointed - Markus Hiemann - who can be contacted on 0131 551 8363. Please phone Markus for LREC packs or any other queries. **STOP PRESS!** Dr. Mark Verrill has received E-mail confirmation for the first LREC approval of the trial.

### Anglo Celtic V

#### “OPT-IN”

Intensive Chemotherapy in Breast Cancer

Ovarian Protection in Hormone Receptor Negative Premenopausal Breast Cancer Patients receiving adjuvant or neo-adjuvant chemotherapy. This trial has been sent to NCRN as an outline clinical trials proposal for CTAAC.

### Next Meeting

Dr Earle hosted the last investigators meeting in Cambridge. The Downing College venue was a great success, we even had a sunny day!! The next investigators meeting will be in Newcastle, courtesy of Dr Mark Verrill. The date of the meeting is 11<sup>th</sup> October and invitations will go out shortly by email.

### Other Trials

#### p53

2 centres have LREC approval and 4 patients have been entered to date. If you would like to take part in this trial or would like any further information please contact Kirsten Murray at SCTN.

#### Hera

The first patient from the UK has now gone on to HERA. No Anglo Celtic patients as yet.

#### Tango

9 centres now have LREC approval and 27 patients have been randomised through Anglo Celtic to date.
